## Choosing Sacred Plant Essence Remedies

The best way to choose a remedy is to read about its energetic properties and see if it resonates with what you are dealing with now. Your choice should reflect your current healing intention. The following remedy information will help you make an educated choice about what remedies to use.

You should consider if the remedy is something you currently need to achieve your healing goals, but also if you are ready to work with your intention, and if it will be well tolerated. Intuition and muscle testing to confirm your choice and to answer these questions may be helpful.

Our remedies begin with a foundation of Ayahuasca (*Banisteriopsis caapi*) and Chacruna (*Psychotria viridis*) essences. These sacred plant essences create a “communication bridge” from the brain to the body and psyche, helping you make mental connections about yourself. \* These sacred plant essences also amplify the effects of the other flower essences in the remedies. In some cases, only the essence of Ayahuasca is used.

The sacred plant essences also provide loving support and awareness of the issues that may hinder Self-discovery, self-love, and the positive qualities of the true Self that you may be seeking - calm, clarity, connection, confidence, courage, and creativity.

Flower essences are subtle liquid extracts that contain the energy or “life force” of various plants and flowers. Essences are prepared from a sun infusion of the plant or flower into water, then diluted, potentized and preserved in brandy. ***In this form, the remedy does not contain any psychoactive properties.*** The remedy is preserved in a combination of brandy and distilled water, with an alcohol content of approximately 20%.

For additional information on how to choose and use the remedies, please consult our free publication, *Sacred Plant Essence Remedies: Tools for Self-Discovery, Healing, and Transformation* at <https://bluemorphomedicine.com/books-information/>

## Sacred Plant Remedy Descriptions

### **Emotional Clearing**

This sacred plant remedy is a combination of distilled water, brandy, and essences of Ayahuasca and Chacruna.

**Indications:** When there is a need for loving support and clarity regarding issues of emotional distress. The primary action of this remedy is to bring these issues to the surface where they may be resolved. \*

**Suggested Use:** This remedy is best used when you need clarity about your healing path and for emotional clearing, catharsis, and support. It may also be used with meditative practices, and may assist with releasing fear, sadness, and feelings of disconnection from Self. \*

*This remedy is best used in the presence of a facilitator if you are inexperienced in managing emotional catharsis and self-supported emotional healing.*

**How It Works:** Our Emotional Clearing Remedy is a combination of two sacred plant essences that bring the energy of shamanic healing to your self-healing practices. As an essence preparation, these plants retain their energetic signature of healing, clarity, consciousness, and support, and the catharsis necessary for clearing emotional issues, and connection to the higher Self. \*

As a Self-discovery tool, the essences of Ayahuasca and Chacruna create a “communication bridge” between the brain, body and psyche and a state of deep awareness that can set in motion self-healing, change and transformation. \*

**Ayahuasca** essence opens the pineal-pituitary circuitry of the third eye. The remedy can be used with affirmations for communicating with individual cells of the body, to take one on the journey into the body and psyche, to create a communication bridge between the body’s processes of degeneration and what is intended from the psyche. \*

**Chacruna** essence assists in the expansion of psychic abilities and assists development and transformation of inner psychic processes. This essence is useful to release past issues of irritation, annoyance, and lack of concentration, and it heightens awareness of the unseen realms.

*This is also the base essence or “foundation remedy” for all the remedy combinations, although some of the remedies use only the Ayahuasca essence alone, without the Chacruna.*
